

Falcon Lake Golf Course and Restaurant
COVID-19 Policies and Procedures

At Falcon Lake, we have been working hard to ensure that the facility is safe for customers and staff. We have diligently implemented operational procedures and plans that conform with the Government's current COVID-19 control measures.

Important notes:

- Golfers can play with members of other households. There is still a maximum of 4 golfers per group.
- Plastic dividers are now no longer required for golfers riding together from separate households. If you would feel more comfortable with one installed, please let our staff know and we will gladly prepare the cart for you.
- Golfers arriving from other jurisdictions must quarantine in Manitoba for 14 days prior to their round or provide proof they have received both their vaccines and waited the mandatory 14 days. An immunization card will need to be presented to our staff.
- As of Saturday June 26th, indoor dining is available at 25% capacity. Indoor dining is restricted to members of your household or with individuals who have obtained their immunization cards. Immunization cards MUST be produced and verified by our staff in order to dine together.
- Our patio will be open at 50% capacity. Immunization cards are not required for outdoor dining. There will be a maximum of 8 people per table. Our tables have been strategically placed to adhere to the current health orders. Please do not move tables or chairs. Our staff would be happy to move them for you as long as current health orders can be maintained.
